

"Simply the best"

today, next year, and 10 years from now

We have delivered close to 200.000 BannerUp cassettes worldwide since we introduced this revolutionary product around 15 years ago, by many considered to be the premier top quality retractable banner stand (roll-up) the market. The advanced steel spring mechanism and the extra thick aluminium body stand carelessly treatment and tough daily use during many years - our zero vision on claims is virtually fulfilled. On top of that, it has an outstanding finish and a unique design which is today seldom found on this type of products, where instead third-rate "look-a-like copies" are more rule than exception. Choose BannerUp from Mark Bric Display for quality and durability over lowest possible price.

Change graphic – not cassette!

Easily install and change banners with our patented "quick change" system (no need for additional cartridge).

From 60 to 240 cm!

We have an extensive range of sizes in stock – 60, 88, 100, 120, 150 and 240 cm- and heights up to 300 cm.

EUR patent no. 1285421. U.S. patent no. 7,040,372. Canada patent pending no. 2423412. China patent no. ZL00819992.2.

BannerUp is produced in alu silver and black (88 cm model) and has an outstanding finish.

A hard flight case on wheels is available for the 88 cm model.

Well designed LED spotlights can easily be mounted on the stand.
